

Features:

Nickel-plated, solid brass body

Monolithic ceramic printed circuit board,
ensuring rugged construction

Etched glaze-type resistors provide $\pm 5\%$
accuracy and excellent return loss

22-gauge spring steel center pin

Specifications:

Bandwidth: 5MHz to 1GHz

Return Loss: 15dB typical

Accuracy: $\pm 5\%$

RSE-G103

RSE-G103D(DC pass)

FIXED MINI-TYPE ATTENUATOR PADS

Values 3,6,10,12,16,22,24dB
